Newborn & Baby Steps Plan

Newborn sessions are custom sessions designed to document your child's first few days of life. Generally scheduled within the first 10-14 days following birth. These sessions are extremely detailed and require several hours to complete. Please plan for the session to last 3-4 hours.

A \$100 credit is included to be applied to prints or products.

Maternity sessions are so much fun! I recommend scheduling your session between 30-34 weeks. At this point you are definitely showing, but not at the “uncomfortable” part of your pregnancy. Dad, and siblings are included in the maternity session at no extra charge.
